

Ministry Events

Online Worship

- Pray for guests that are watching online – they would complete a Connection Card, so that we can contact and minister to them
- Pray for the “stream team” as they work to complete the service each week
- Praise the Lord for the musicians, praise team and choir who selflessly lead in worship each week

Sunday Small Groups

- Praise the Lord for the technology that allows classes to meet on Sunday for discipleship and during the week for fellowship
- Praise the Lord for visitors to the online service that have requested connection to a Sunday Small Group
- Praise the Lord for children and students who are inviting their friends to join them in a virtual class
- Ask the Lord to encourage teachers as they prepare their lessons each week and give them wisdom for teaching via Zoom

Resuming In Person Services/Programming

- Ask the Lord to provide the staff and leadership wisdom as they make decisions related to resuming in person services – timing, procedures, programming
- Ask the Lord to encourage church members as they make personal/family decisions about returning to in person services and programming

Technology

Pray for the installation of equipment that will allow Beech Haven to hold in person services and continue to provide online worship.
